New Minor Client Information Form

Dandelion
Hypnotherapy &
Wellness, LLC

The undersigned Client acknowledges that he or she has been informed of the following information: Hypnotherapist agrees to provide professional services in accordance with acquired training and experience giving undivided attention during scheduled consultations to facilitate Client's benefits. Hypnotherapist work is client centered. Services provided utilize induction of hypnosis and methods and principles used to help clients discover their inner creative abilities to develop positive thinking and feeling to transform undesirable habits and behavior patterns.

Therapeutic goals are to achieve freedom from restrictive thought and belief systems, and to assist in solving personal problems, in order to develop motivation and achieve goals. Clients may be taught the use of self-hypnotic techniques to assist in achieving goals and resolving issues that have been mutually agreed upon by Client and Hypnotherapist.

Hypnosis is not a state of sleep, but is a natural state of mind that can produce extraordinary levels of relaxation of mind and body, and emotions. Accessing and utilizing the power of one's inner resources is the principle on which Hypnotherapy is based. Hypnosis can transcend the critical, analytical level of the mind and facilitate the acceptance of suggestions, directions, and instructions desired by the client. The therapeutic use of Hypnosis can also elicit information and insights from the inner mind. The Hypnotherapist utilizes interviews, discussions, and hypnotic methods dealing with the underlying issues whenever appropriate, with the goal to achieve effective and lasting results.

Services to be provided do not include medicine, as Hypnotherapists are not a licensed physician. These services are non-diagnostic and are complementary to the healing arts services that are licensed by the state. The primary purpose for licensing laws for legally defined Healing Arts and Mental Health professionals is to protect public health and safety. Accordingly, Hypnotherapists are not issued licenses by any State Governmental Agency to engage in their professional services. Medical disclaimer: Dandelion Hypnotherapy & Wellness is not substitute for clinical diagnosis or treatment, nor is the information provided intended to replace consultation with a qualified health-care provider. If you're in crisis, please contact your local emergency services.
